- If AIPT cancels program for any reason subsequent to a student's enrollment, the institution will refund all monies paid by the student. School will refund the tuition fee and other charges paid by the student before the start of the classes, within 45 days of the planned start date.
- Withdrawal after attendance has begun will result in the following refund policy.
- For courses of 300 hours or less, the school may retain the registration fee plus a pro-rata portion of the tuition calculated on a weekly basis.
- For full-time attendance in courses exceeding 300 hours in length but not exceeding 2,000 hours, the school may retain the registration fee plus:
 - Ten percent (10%) of the total tuition if withdrawal occurs in the first week;

- It should be noted that student loans with the bank must be satisfied regardless of the success or lack of success at AIPT. When students are given a loan they sign a promissory note with the bank. This loan is the same as any other loan and the student has full responsibility for managing the loan and its repayment.
- School will refund the tuition fee and other charges when due will be made within 45 days (1) of the last day of attendance if written notification of withdrawal has been provided to the school by the student, or (2) from the date the school terminated to the student or determines withdrawal by the student.
